

Connect with a Health Consultant

Meeting health and safety needs can be a challenge for many child care providers. Child Care Aware® of North Dakota has a health consultant who can help.

Focus areas include

- Personal care routines such as feeding, napping, diapering, handwashing
- Safety issues in indoor and outdoor environments
- Prevention of illness
- Common illnesses/exclusion guidelines
- Special needs (medical conditions)

Options for accessing a health consultant

- Unlimited health/safety coaching through phone and e-mail
- On-site coaching
- Customized on-site training options (Training To Go)
